

Poison lyrics - Love Games

Dark lies  
Brave ties  
Soul cries

This heart bleeds  
It's easy to leave  
She leaves, love grieves, oh please  
Hear this when I say

You pour the poison  
Your black heart is easy to see

You pour the poison  
You will hang high for killing me

Spying glass, reckless, what a mess  
Don't burn, easy me  
Evil eyes, eyesight, you die  
Hear this when I say

Poison  
Your black heart is easy to see

You pour the poison  
You will hang high for killing me

You pour the poison  
You pour the poison  
You pour the poison  
You pour the poison  
You will hang high for killing me
